

# 3-Power Anti-Franco Action Looms Spain Moves Troops To French Frontier

LONDON, Feb. 28.—(Reuters)—Brussels radio, quoting a French official, said tonight that Spanish Republicans had occupied the Spanish consulate at Tette, French Mediterranean port 93 miles north of the Spanish frontier.

By JOSEPH W. ORIGO  
Special to the Edmonton Bulletin

PARIS, Feb. 28.—(RUP)—French press dispatches from Madrid today reported Spanish troop movements along the entire length of the border.

Spanish frontier authorities at Hendaye notified French border guards that they would authorize the entry into Spain of travellers of all nationalities in transit through Spain.

of frontier, and one said soldiers of the Madrid garrison had been sent north toward the border.

ALL NORMAL TRAFFIC between France and Spain had ceased several hours before the deadline set by the French cabinet to close the frontier at midnight tonight.

Spanish frontier authorities at Hendaye notified French border guards that they would authorize the entry into Spain of travellers of all nationalities in transit through Spain.

# Puzzle Follows Arrest Mystery of Supposed Nazi Captive Deepens

CORNWALL, Ont. Feb. 28.—(CP)—The mystery surrounding the identity of Hans George Schulte, held here as a possible escaped German prisoner-of-war, deepened today when he told a Cornwall lawyer that he is a Canadian Jew named John Gilbreth from Lethbridge, Alta.

ROYAL CANADIAN MOUNTED Police here said Schulte escaped from a prisoner-of-war camp at Medicine Hat, Alta. in August, 1945. He came here six months ago and posed as Derek Heftin, an Austrian refugee, married into a well-known Cornwall Jewish family and posed as a graduate in medicine of Dalhousie University in Halifax.

Before there was any suggestion he wasn't an escaped prisoner, his 21-year-old friend of a month, Joyce Rabin, said today "I will love him as long as I live, no matter what he does to him or say about it, I will love him."

Mrs. Rabin said: "I still think there is something twisted about him. There is not a thing about him that I like. We will try to keep him here at all possible."

THE LAWYER, who visited Schulte in jail this morning, declined permission to use his name. He said Schulte's story was that he was arrested in Lethbridge, and was held in jail with some German prisoners-of-war from whom he obtained photographs and other material linking him with the German army.

In Ottawa, army officials said they had no records of a Hans George Schulte as a prisoner-of-war and are not interested in the man held here.

This morning Schulte sent a letter from jail, to his wife, saying:

# Sentence 17 Japs For Yanks' Deaths

SHANGHAI, Feb. 28.—(AP)—Seventeen Japanese military men were sentenced today to life in the gallows, 12 to prison—for the strangulation and cremation of three United States fliers at Nan-ko, in December, 1944. An 18th defendant, the lone civilian to be tried, was acquitted.

ALL 18 DEFENDANTS were charged with the murder of Lieutenant Lester R. White, Silvestre, Silvestre, and Silvestre, who were shot down on March 11 on charges of complicity in the execution of other United States fliers whose plane crashed in China after the initial blow at Tokyo in April, 1942.

Four other Japanese are awaiting trial here March 11 on charges of complicity in the execution of other United States fliers whose plane crashed in China after the initial blow at Tokyo in April, 1942.

# Retailers to Try Hold Prices Down

WINNIPEG, Feb. 28.—(CP)—Independent Canadian retailers have declared last night they would strive to prevent undue increase in prices resulting from suspension of price ceilings.

Under the new plan the present rates and districts covered by existing price controls will be considered. At the present time a single forecast predicts weather conditions over a wide area. It has been found that there is some inaccuracy because weather conditions vary within the area.

IT IS PLANNED, it is learned, to issue weather forecasts for each weather area, and to do away with forecasts covering an area in which there is liable to be a variation of weather conditions.

The entire matter now is under consideration, it is learned here, and an announcement is expected to be made soon by the meteorological service at Toronto.

# British War Brides Will Arrive Friday

HALIFAX, Feb. 28.—(CP)—The "bride" ship Scotia, previously scheduled to dock here today, will arrive early Friday afternoon, military authorities announced yesterday. On the limited number of Canadians, including 19 wives and 11 children for homes in Nova Scotia and Prince Edward Island. The Scotia is also bringing home 19 nursing sisters, 11 civilian nurses, four medical officers and five auxiliary service personnel.

# Tanks to Tractors YOKOHAMA, Feb. 28.—(AP)—Seventy Japanese tanks have been converted into tractors for war debris from the Tokyo-Yokohama area. Truman plans for food needs. Page 3.

# Mayor Crowns Carnival Queen

Shown above are the principals in the brief "coronation ceremony" which Wednesday evening saw 18-year-old Mary Johnston, of 10859 98 street, placed on her snowy throne and crowned by Mayor Harry Ainlay. The ceremony took place at St. Village, White Mud Creek, before a crowd of nearly 2,000 onlookers. (See story and another picture on Page 3.)

# In Holland Thefts Claim officer Victim "Unreal" Atmosphere

AMSTERDAM, Feb. 28.—(CP)—A Canadian military court today adjourned to consider the case of Capt. D. W. Thomson of Toronto after hearing defence counsel plead that the defendant was a victim of "the unreal, fantastic atmosphere of Holland."

By WILLIAM BOSS

# Budget Unlikely Before Monday

Alberta's budget, predicting the government's income and expenditure for the coming fiscal year, will not be brought before the legislative assembly before Monday, according to Premier Ernest Manning, provincial treasurer, who was seen immediately following a cabinet meeting on Thursday morning.

The only inkling of the contents of the budget so far revealed has been that the government is budgeting for a deficit of several millions of dollars. This was disclosed by the Premier in the course of a debate in the assembly on Tuesday afternoon.

# 4,000,000 Cigarettes With Hun Prisoners City Is Blanketed By Heavy Snow

LIVERPOOL, Feb. 28.—(CP)—A shipload of 2,500 German prisoners-of-war arrived here yesterday from the United States with 4,000,000 cigarettes in their baggage. An American guard said: "Each prisoner is allowed to travel with personal luggage up to 50 pounds. They had crammed their suit bags full of cigarettes they obtained in their camps."

# Other Changes Rear-Admiral Howard Reid Named to Head Canada Navy

OTTAWA, Feb. 28.—(CP)—Defence Minister Abbott announced the appointment of Rear-Admiral Howard Reid (Rear) to the post of Chief of the Canadian naval mission at Washington, as chief of the naval staff and his promotion to Vice-Admiral. He succeeds Vice-Admiral George Jones, C.B., of Halifax, who died Feb. 6.

MR. ABBOTT, also minister for naval affairs, also announced:

The retirement of Rear Admiral Victor G. Brodeur, M.C., effective Aug. 1, at the age of 62.

The promotion to rear-admiral of Commander Harold T. Grant, C.B.E., DSO, of Halifax, former captain of the warship, and present chief of naval administration and supply at headquarters.

# Police Lay Charge Of Manslaughter

Charge of manslaughter has been laid against Paul Dechant of the north-end resident of the death of a woman, 28, who died last February 19 of Joseph Peppin, also of Mortville, RCMP said today. The accused is a former captain of the police, and present chief of police of the city of Montreal.

AT AN INQUEST held Wednesday afternoon at St. Albert into the deceased's death, an open verdict was returned by the jury. Dr. A. E. Braithwaite, chief provincial coroner, presided. Joe Patterson, N.C. acted for the attorney general and supplied at headquarters.

Food is No. 1 problem in British. Page 3.

# Members Unanimous In Support

Unanimous support was accorded a resolution protesting the rate in price of gasoline by two cents a gallon which is to become effective March 18, by members of the Alberta Legislative Assembly on Wednesday afternoon.

An amendment to the resolution was introduced by Hon. E. G. Hart, minister of municipal affairs, and asked the federal government to not only continue the subsidy but also to remove the wartime sales tax of 2 cents a gallon which the central government imposed when the war started.

The resolution was moved by Hon. E. G. Hart, minister of municipal affairs, and asked the federal government to not only continue the subsidy but also to remove the wartime sales tax of 2 cents a gallon which the central government imposed when the war started.

THE RESOLUTION was originally introduced by Hon. E. G. Hart, minister of municipal affairs, and asked the federal government to not only continue the subsidy but also to remove the wartime sales tax of 2 cents a gallon which the central government imposed when the war started.

# Jobs At Yellowknife 700 Workers Needed In Gold Boom Area

Yellowknife town and district will require about 700 men for mining and building programs scheduled in 1946, and war veterans will be given preference for all work in the northland gold boom district.

THIS WAS DISCLOSED here Thursday as a result of the visit of Fred Fraser, mines recorder and stipendiary magistrate of Yellowknife.

Mr. Fraser has hopes of setting up a Yellowknife selective employment bureau at headquarters of the Edmonton Legion, where suitable returned men can be "screened" for jobs in the north.

DESPITE RECORDED unemployment here and elsewhere, the labor outlook at Yellowknife is not "favorable," Mr. Fraser said.

The Yellowknife official said that many men go north who are not of the right type for work in that area.

He cited the recent example of where five men had their fares paid in by air lines, and left the second day after arrival at Yellowknife.

THERE ARE NUMEROUS good-paying jobs for the right type of workmen, and Mr. Fraser plans to confer with Edmonton Legion officials while here on the best method of selecting men for work in the north.

A large number of carpenters and other members of the building trades will be needed this spring in the north, as there is a heavy program of building scheduled by the mine companies and the Federal and North West Territories governments.

THE POWER PROJECT at Snare River will require more than 100 men alone.

Then there is the new hospital, administration building, and docks to be constructed.

# Big Development \$200,000 Hospital to Head Yellowknife Building Program

With a 40-bed fully-equipped hospital, to be staffed and operated by the Canadian Red Cross, costing approximately \$200,000, heading the list, Yellowknife has one of the largest building programs in the history of northern mining development.

FRED FRASER, federal mines recorder, stipendiary magistrate and chairman of Yellowknife district committees, made the announcement concerning the new hospital and other projects, in an interview at the Macdonald hotel Thursday.

Mr. Fraser is going to Yellowknife this weekend to confer with Lt.-Col. A. Tomlinson, Alberta commissioner for the Canadian Red Cross and Dominion officials of the hospital, on plans for the new building.

OTHER PROJECTS underway at Yellowknife include the new hospital administration building and a new liquor store with an estimated cost of \$140,000, 225 frontage feet of new dock facilities, equipped with a heavy power launch, and 12 miles of gravelled roads.

THE GOVERNMENT POLICY, Veterans Minister Mackenzie reiterated yesterday, does not at present permit such "concessions."

The allowance covers veterans who have invested in a business.

(Continued on Page Two)

# Strike Violence In Philadelphia End of Throne Debate in Sight

NEW YORK, Feb. 28.—(AP)—Three thousand men in the United States through police lines today in Philadelphia, scene of the most turbulent labor dispute in the United States.

COMMANDERS of 375 policemen on duty sent an emergency message to the city of Philadelphia through police lines today in Philadelphia, scene of the most turbulent labor dispute in the United States.

A FURTHER escalation of the strike-bomb General Electric plant in Philadelphia. The marchers, dressed in a colorful costume, mass picketing, bowled over several policemen.

Norfolk officials here alleged into the picket ranks and a free-lance club with 800 pickets. They laid crumpled their suit bags full of cigarettes they obtained in their camps.

Ten CIO Electrical Union strike leaders today in Philadelphia charged as a result of violence during when club-wielding policemen clashed with 800 pickets. They are a W. A. R. (War Veterans Association) and G. E. (General Electric) strikers.

MEANWHILE hopes of averting a strike were shattered today when 100 telephone workers received a letter from the union.

A 14-HOUR conference in New York between the American Telephone and Telegraph Company and the Federation of Long Line Telephone Workers ended with no settlement of the workers' demands.

Union President J. J. Moran said: "We finished our march will be March 7."

Federal Government Deposits Increase

OTTAWA, Feb. 28.—(CP)—The Dominion government deposits increased \$3,022,000 to \$20,282,000 during the week ended Feb. 27, the Bank of Canada reported today. The increase was made up of \$1,879,000 in Treasury bills and \$1,143,000 in government deposits.

Retires Friday

OTTAWA, Feb. 28.—(CP)—Chief Clerk, 58, the man who led the Canadian Army in Europe, will retire tomorrow, it was learned today.

Minister tells of B.C. plans. Page 2.

# Controversy Underway Bronx College Girls Protest Campus UNO Headquarters

By DAVID C. WHITNEY  
Exclusive to The Edmonton Bulletin

NEW YORK, Feb. 28.—(BUP)—The Bronx was the world's capital today—but how long it will be worried a great many people from Hunter College coeds to United Nations organizations officials.

## Gas Protest

(Continued from Page 1)

the right to set prices within the long legal struggle in which the government of British Columbia was involved on the same question and in which a supreme court ruling had been given that price control was a valid power for provincial legislature.

"THIS HOUSE," he said, "must show that it is prepared to move on behalf of the farmers of the province."

An amendment to the resolution would have added the following two clauses to it:

"Be it further resolved that the Alberta government be requested to consult with the province of Saskatchewan and Manitoba with a view to the appointment of a joint fact-finding commission with full power to examine persons, records and books, to investigate prices of gasoline and other petroleum products; and

"Be it further resolved that this assembly request the government in the meantime to take such action of the province to prohibit or prevent any increase in the price of gasoline or petroleum products as this province by action similar to that employed by the government of British Columbia under the Coal and Petroleum Products Control Board Act of that province."

Premier Ernest Manning, in replying to the speech by the CCF leader, suggested that the assembly had been made ten years ago and that there had been no change in the situation. He moved into the field of price control with the establishment of the Provincial Price Control Board and at that time the government had been satisfied with the situation and within provincial jurisdiction.

**WHEN INVESTIGATIONS**  
into sugar prices in Alberta were initiated in 1939 it was found that the Dominion government through the Wartime Prices Control Board had entered the field of price control and that therefore the province no longer possessed the power. Since the regulations of the WPCB were still in effect and where special provisions were made in effect today the amendment could have no effect.

"It is mere shadow-boxing," the premier said, "to suggest that any such move would have a good effect."

A. J. E. Lissner (CCF-Calgary) accender of the amendment, defended his party's suggestions as being quite legal according to advice he and his leader had received and pointed out that the raising of the price level by the WPCB did not mean that the retailers were forced to raise the price, which he claimed left the government free to exercise its powers of price-setting within that maximum.

Farm organizations who have requested the setting up of a commission to investigate gasoline prices and to have the province set the price of the fuel were not in possession of all the information according to him. Lucien Maynard, attorney-general, as he insisted that legally the province was unable to control the price of gasoline.

"SUCH ACTION would have been effective before the war and will be again after the federal price control regulations are lifted," he said.

The effect of the supreme court decision on the deportation of Japanese has been interpreted to mean that the high court considered an emergency still existed in Canada, said, and if this were so the province still did not have control over price.

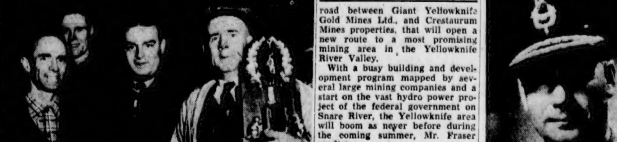

The amendment lost on a voice vote on the only mover and second in support of it.

N. E. Cook (SC-Olds) who seconded the resolution, opened the day's debate on it by referring to the effect of a two-cent increase in prices would have on farmers of the west.

Farms are now highly mechanized, Mr. Cook, himself a farmer.

# Alderman Wood-Chopping Champ New Hospital At Ceremony

(Continued from Page 1)

road between Giant Yellowknife and Miles Ltd. and Crestview Mines properties, that will open a new route to a most promising mining area in the Yellowknife River Valley.

With a busy building and development program mapped by several large mining companies and a start on the vast hydro power project of the federal government on the Mackenzie River, the Yellowknife will soon be a major before during the coming summer, Mr. Fraser predicted.

**COST OF THE NEW** hospital will be shared between the Canadian government and the Northwest Territories Council, which furnishes one-third of the money contributions from companies and business men.

At present the Yellowknife area has only a small 15-bed hospital operated by Consolidated Mining and Smelting Company to serve the town and area. This is much too small and will be closed when the new hospital is completed.

It is hoped to have the foundation and frame-work of the new hospital completed before next winter season sets in and the hospital completed the following summer.

Mr. FRASER said he was confident that the Red Cross contribution for the building would be kept below the minimum the organization has promised.

The NWT contribution, plus amounts pledged by large companies, including the Yellowknife, the Hudson's Bay Company Ltd., already amounts to \$100,000 and an additional \$100,000 has been offered by business men and individuals in the district.

**THE RED CROSS** already operates several hospitals in eastern mining areas including the one at Kirkland Lake.

The hospital, administration and support buildings will all be erected on the new town site, Mr. Fraser said. There will be a court room on the upper story of the new administration building.

Lumber for the buildings is now at Waterways on the way to Yellowknife. All records for claims filed in the area were shattered in 1945 when 9,200 were filed, Mr. Fraser said.

**WINNER OF THE Hart Brothers' trophy** was Mr. Parsons who cut his log in less than two minutes. Mr. Mitchell as runner-up won a table lamp donated by the Edmonton Electric shop. Mayor Alinsky was third and Dr. Little a close fourth.

The program was opened with a display of magic by Frank Hertz, and closed with a presentation of trophies to those taking part in recent Edmonton Ski Club Skipski, Anne Ostry, Louise Chisholm.

**MISS JOHNSTONE**, who defeated eight other candidates, was sponsored by the Catholic Youth Organization of Edmonton. She received her crown from Mayor Alinsky as set on a colorful throne before a leaping lion.

The defeated candidates, her attendants, were grouped about her. Performing the brief ceremony, Mayor Alinsky said: "I crown you queen of the Edmonton winter carnival, to hold office until your successor is named a year from now."

The chief magistrate then placed the crown on the young stenographer's head and as the crowd applauded, kissed her. Afterward, "Queen Mary" was presented with a bouquet of American Beauty roses by Walter Ross on behalf of the C.Y.O.

**THE NEW QUEEN** is a photographer and a skating, skiing and dancing enthusiast. Her competitors were Doreen Duncan, Ruth Podorski, Beth Thompson, Shirley Shipley, Anne Ostry, Louise Chisholm.

**2,000 Watch Ceremony**  
A cheering crowd of nearly 2,000 young Edmontonians eagerly watched, 18-year-old Mary Johnstone of 10859 98 street Wednesday evening was crowned queen of the Edmonton Junior Chamber of Commerce winter carnival at Ski Village, White Mud Creek.

# Cities Ruined Food is No. 1 Problem In Devastated Reich

By DEWITT MACKENZIE

FRANKFURT, Germany, Feb. 28.—(AP)—It would be easy for the traveler in Germany to lose his perspective of the Reich's true position, because the terrific devastation wrought in cities across the whole face of the land by Allied bombing tends to obscure everything else.

**BERLIN**, Essen, Cologne, Nuremberg, Munich, Frankfurt and scores of others—they're all the same—just shabby, empty shells which once housed millions—shells of places which not long ago were among the world's great cities.

But this destruction is not a mortal blow. It is not even the paramount problem of rehabilitation. Houses are not everything. More important than chairs and windows is food. And that is the No. 1 problem in Germany at the moment.

Interlocked with the food problem is transportation. It takes transport to distribute the food, and to coal to run the transport.

**THE ALLIED** military governments—yet having to proceed with rehabilitation on the basis of top priorities. Reconstruction of Germany's ruined cities is not the top priority. And it must wait.

Even when reconstruction becomes possible, it will take many years to rebuild the destroyed cities. Experts estimate it will require as long as 30 years even to clear out the rubble in places like Berlin and Essen, to say nothing of rebuilding. Thus for a long time to come thousands upon thousands of city people will be eave dwellers.

**PERFUMES FROM SUDAN**  
DAR ES SALAAM, E.A.—(CP)—The first perfume factory to be opened in the Sudan, situated in Khartoum, is owned by Hassan El Saleh Khidir. The factory will be managed by an Egyptian technician who will be assisted by Sudanese workers.

## Willington Takes Prize Money in Andrew Tourney

ANDREW—First hockey tournament in which is expected to be an annual event saw Willington carry off the first prize of \$25. Second prize, \$15, went to Andrew, and the third, \$10, to Mundare. Participating teams, in addition to the prize winners, were Lamont and Brudenheim.

**IN THE FIRST GAME**, Andrew defeated Lamont 14-0. Mike Dubus with seven goals taking the honors as high scorer. Willington defeated Mundare 10-0. The game marked by a fast-flowing free-for-all in the final period. Andrew defeated Brudenheim 10-0, and in the last game Willington dominated Andrew 5-0. A record-breaking crowd was in attendance.

The lineup of the participating teams was:

**WILLINGTON**—E. Zukewy, Walter Gerdichuk, W. Tkachuk, N. Tkachuk, P. Shewchuk, L. Babik, J. Zukewy, B. Danyuk, and S. Zank.

**ANDREW**—G. Bodnar, A. Kopp, N. Fruchuk, M. Acymichuk, D. Fruchuk, Wm. Tkachuk, M. Dubus, M. Farcus and Nick and George Bokiat.

**MUNDARE**—L. Schukiv, O. Bereuk, M. Wytkiv, V. and Novakowsky, H. Bodnar, V. and Novakowsky, G. Bluk, and Novakowski.

**LAMONT**—V. Paruk, A. Melnyk, P. Paruk, C. Wilchuk, B. Tkachuk, H. Krenning, D. Thoryn, S. Paruk, N. Hucak, A. Kaplusk, A. Nuruk.

**BRUDENHEIM**—G. Strom, G. Schukiv, V. Schneider, A. Aspitale, R. Pempel, V. Arndt and H. Mide.

## Scout Parade

**SEBA BEACH**—A church parade attended by Wolf Cub, accompanied by their leader, G. Mann, marked this district's observance of Boy Scout week.

## IODE Election

**ATHABASCA**—Following officers have been elected by the IODE Chapter: Beggs, Mrs. F. A. Olsen, Mrs. W. E. Hodgson, secretary, Mrs. C. Donaldson, treasurer, Mrs. T. Mackie.

## School Banned

**ATHABASCA**—Twenty students of the Athabasca high school attended the Clyde Intercollegiate basketball during the week-end. A trophy donated by Tip Top Tailors was won by Graham Smith from Clyde. A similar trophy will be played off soon at Westlock.

## Couple Honored

**CALMAR**—Marking their 25th wedding anniversary, Mr. and Mrs. Jack Bendick were honored at a surprise shower at their home last week. They were presented with a bridge lamp on behalf of the community.

## 'Spiel Winners

**CALMAR**—First prize winners in the Calmar open house were: First competition, Bunka of Thorsby; second, Miller and Thorsby; third, Miller and Thorsby.

## Calmar Downed

**CALMAR**—In recent hockey games Calmar lost to Fort Saskatchewan defeated the local 4-3, and Calmar and Leduc tied 3-3. Calmar failed to play a second game with the Fort to decide which will enter the playoffs with the Leduc and Nampa teams.

## Alberta Leads

**WESTLOCK**—In reply to a motion passed at the annual meeting of the Westlock Municipal District.

## Pact Gives Soviet Strategic Isles

The Soviet Union has announced that it has agreed to a pact with Japan which gives the Soviet Union strategic islands in the Pacific Ocean.

The pact, which was signed in Moscow, gives the Soviet Union the islands of Sakhalin, Karafuto, and the Kuril Islands. The islands are located in the Pacific Ocean, south of the Japanese archipelago.

The islands are of great strategic importance to the Soviet Union, as they provide a base for the Soviet Navy in the Pacific Ocean. The islands are also rich in natural resources, including coal, oil, and minerals.

The pact was signed between the Soviet Union and Japan, which was then a member of the Axis powers. The pact was a result of negotiations between the two countries, which were aimed at improving relations between them.

## For Aid of Needy

## Truman Plans U.S. Campaign To Lower Food Consumption

WASHINGTON, Feb. 28.—(CP)—President Truman has called a White House conference of influential Americans to organize for voluntary sacrifices here so that millions threatened with imminent starvation abroad may be saved.

Truman's plan is to launch a campaign to reduce food consumption in this country, the White House announced.

This action follows a series of desperate warnings from the United Nations Relief and Rehabilitation Administration and other agencies that the situation in Europe and Asia is becoming more desperate.

Canada and the United States are the main supplying countries and Canada, according to the best information available, is doing her share.

**CANADA'S RESPONSIBILITY** for meat contributions to UNRRA this year is 70,000,000 pounds. More than one-third of this has been delivered.

The United States has committed to UNRRA 300,000,000 pounds in the first quarter, but up to the middle of February had sent only 9,500,000 pounds.

These figures were quoted by a UNRRA spokesman in Washington. He said that the United States is now making up for its delay in sending meat.

Mr. Swing said this good showing by Canada was due to the fact that Canadians have acted because their officials have cared more than ours have.

**PER CAPITA MEAT CONSUMPTION** in the United States, now unimportant, is at the rate of 165 pounds a year—40 pounds a person more than before the war.

The average consumption in UNRRA-aided countries is about 10 pounds a year.

The United States had a record wheat crop last year—1,125,000,000 bushels—enough to fill UNRRA's allotment of 250,000,000 bushels now desperately needed abroad.

The agricultural department has started a campaign through advertising and promotion agencies to popularize diet bread and to raise voluntary reduction of consumption.

**TUESDAY NIGHT** Peter Fraser, premier of New Zealand, announced a national radio broadcast, declaring that the imminent starvation in India and the general food problem, overshadowed all that the United Nations Organization was trying to do.

London assembly meeting from which he has just returned.

**Deranged Woman Holds Off Police**

NEWPORT, N.H., Feb. 28.—(AP)—A woman who for hours held off her husband, police and neighbors with a shotgun because she feared they would take her away, yielded to persuasion last night and gave up the weapon.

Mrs. Natalie Reed, 36, broke the weapon by smashing it on a farm millstone and climbed down from the garage attic, where she had barricaded Tuesday night.

She was taken to Concord state hospital.

**ONLY TWICE** during the war, Mrs. Natalie Reed, 36, broke the weapon by smashing it on a farm millstone and climbed down from the garage attic, where she had barricaded Tuesday night.

She was taken to Concord state hospital.

**ON EACH** of those occasions she used one hand and clasp the shotgun against her breast, threatening to shoot herself if anyone started up the ladder.

The sedatives had no effect on Mrs. Reed, said Sheriff James F. McCusker.

**British Watch Russian Moves**

LONDON, Feb. 28.—(CP)—Current moves in the Russian zone of Germany to merge the Social Democratic and Communist parties, which probably eventually will result in the creation of a virtually one-party Communist system in the zone, dominated by the Communists, are being watched with the utmost care and with some uneasiness by the British government, it was learned yesterday.

Initiative for this fusion comes from the Russian side, strongly backed by Russian military authorities. It would greatly strengthen the Communist position in the zone and in the long run probably lead to subversion of the Social Democrats.

**Brewing Company Appeals CBC Rule**

NEW YORK, Feb. 28.—(CP)—The Ontario Broadcasting Commission's radio station CFBT, Toronto, stated here yesterday that the Canadian Broadcasting Commission has on the brewing company's sponsorship of institutional radio programs.

The commission's decision, which was made by a majority of three to two, was that the broadcasting will be appealed to the CBC board of governors at its next meeting. Mr. Sedgwick, in New York on business, was commenting on a statement by A. D. Dutton, chairman of the CBC board, that sponsorship of the CFBT program "Ontario Holiday" by a brewery was not permissible under CBC regulations.

Mr. Dutton said that in any radio program no one shall advertise beer and wine.

## Premier Unable To See Delegates

CALGARY, Feb. 28.—(CP)—Premier Manning was unable to see delegates to interview government officials in Edmonton this week before the budget is handed down to the legislature.

According to Premier Manning there would be no advantage in sending the delegation to Edmonton. He said the budget had been completed, but delegates would likely continue for two weeks. During this time he expected to be able to hear the demands of the Calgary organizations.

**WINNIPEG**, Feb. 28.—(CP)—It was becoming increasingly evident that the Winnipeg private citizens' security was likely to be regarded as complete unless it recognized the need for adequate housing accommodation. J. L. Price of Montreal told the Appraisal Institute of Canada at its annual convention here yesterday.

Price, he said, was a departure from previous opinion which generally considered social security and housing to have no connection.

**OTHER SPEAKERS** included C. E. Joslyn of Winnipeg, who spoke on town planning, and H. O. Walter of Chicago, president of the American Institute of Real Estate Appraisers.

The Canadian Institute, founded 10 years ago by six Winnipeg businessmen, now has chapters at Regina, Saskatoon, Edmonton and Calgary and a membership of about 100.

**BOYCOTT OF FILMS** Is Said Near End

OSLO, Feb. 28.—(AP)—Norwegian boycott of United States films is likely to end next month as a result of negotiations now in progress.

Canadians have acted because their officials have cared more than ours have.

**PER CAPITA MEAT CONSUMPTION** in the United States, now unimportant, is at the rate of 165 pounds a year—40 pounds a person more than before the war.

The average consumption in UNRRA-aided countries is about 10 pounds a year.

The United States had a record wheat crop last year—1,125,000,000 bushels—enough to fill UNRRA's allotment of 250,000,000 bushels now desperately needed abroad.

She was taken to Concord state hospital.

**ON EACH** of those occasions she used one hand and clasp the shotgun against her breast, threatening to shoot herself if anyone started up the ladder.

The sedatives had no effect on Mrs. Reed, said Sheriff James F. McCusker.

**British Watch Russian Moves**

LONDON, Feb. 28.—(CP)—Current moves in the Russian zone of Germany to merge the Social Democratic and Communist parties, which probably eventually will result in the creation of a virtually one-party Communist system in the zone, dominated by the Communists, are being watched with the utmost care and with some uneasiness by the British government, it was learned yesterday.

Initiative for this fusion comes from the Russian side, strongly backed by Russian military authorities. It would greatly strengthen the Communist position in the zone and in the long run probably lead to subversion of the Social Democrats.

**Brewing Company Appeals CBC Rule**

NEW YORK, Feb. 28.—(CP)—The Ontario Broadcasting Commission's radio station CFBT, Toronto, stated here yesterday that the Canadian Broadcasting Commission has on the brewing company's sponsorship of institutional radio programs.

The commission's decision, which was made by a majority of three to two, was that the broadcasting will be appealed to the CBC board of governors at its next meeting. Mr. Sedgwick, in New York on business, was commenting on a statement by A. D. Dutton, chairman of the CBC board, that sponsorship of the CFBT program "Ontario Holiday" by a brewery was not permissible under CBC regulations.

Mr. Dutton said that in any radio program no one shall advertise beer and wine.

Secretary of State James B. Byrnes has revealed that a secret agreement concluded by the late President Roosevelt, Winston Churchill and Joseph Stalin, at their 1944 Yalta conference, Russia permanent possession of the Japanese Kurile Islands. The pact also gave the southern part (Karafuto) of Sakhalin Island, then Japanese-owned, to the USSR. The pact was kept secret because it indicated that Russia would enter the war against Japan.

## Mother of Hero Given Son's VC

OTTAWA, Feb. 28.—(CP)—The two-story balmoral at Government House echoed yesterday with the subdued talk of modest heroes in their relatives or throughout the year, can look to relief only from the weather.

The main and probably only relief will be the warmth of spring when the people of the large town will suffer from the fuel shortage which will still block industrial recovery.

All other hardships are likely to remain—food shortages, inadequate housing, and the threat of bombing, shelling and other fighting of the war, and lack of transport.

**SOME DIFFICULTIES** are even likely to become greater when the cost of living is expected to rise still further as the currency is devalued.

Three things are essential before Italy can hope for internal recovery, even on a moderate scale:

1. Conclusion of a peace treaty which alone will enable her to open up trade channels.

2. A minimum political stability and respect for the law.

3. Continued help from the Allies with coal, raw material, agricultural machinery and food to supplement domestic productions.

**Col. Blimp Cracks At Ottawa Spy Hunt**

LONDON, Feb. 28.—(CP)—Col. Blimp is back.

After months' absence from David Low's cartoons in the London Evening Standard, the character was revived yesterday to poke fun at Canada and Russia.

Mr. Low drew him in the form of a cartoon being asked by a friend what happened to the gallant colonel. Low's likeness replied that he was not sure whether Blimp was still in Canada or Russia.

Mr. Low drew him in the form of a cartoon being asked by a friend what happened to the gallant colonel. Low's likeness replied that he was not sure whether Blimp was still in Canada or Russia.

## Stamps Paste Ken Stewart's Club 7-1 for 5-Point Lead Over Flyers

### Edmonton Flyers' Gary Hanks Leads Regina Capitals 3-2nd Loss

#### Red Hunter Takes Over First Place

**INTEREST** in Saturday's Flyer-Stamper clash, the senior schedule finale for both Edmonton and Calgary, will centre around the Cane-Hunter duel. The fact Red Hunter fastened onto four points at Regina Wednesday night, and thus with a total of 30, today holds a lead of two over Bobby.

But the points scramble is not likely to be confined solely to Cane and Hunter, with the margin close in several other instances. Stan Devick with 34 is just two below Doug Cairns, and in Don Dime's pair last night gave him 52, or a single notch advantage over Bob Stanley. Bob Brownridge added a brace to his list and is six up on Jack McDonald, who has 45.

**JOHNNY KENNEDY** with 27 is four below Henry Hayes and Ken Stewart, but Bing Merik, Doug Lane and Jackie Miller are all deadlocked with 23. Now with 20, a couple for Bert Laprade, who has averaged better than that in recent games, would move him up a couple of spots, and the same applies to both Al Newsome and Gordie Watt.

And did somebody say Flyers would have a chance with Calgary in a final series? Well, get out of this Stamper's mess and win Saturday night to secure an even break with Edmonton. Inter-city games, Riley Mullen's crew holding a six to five lead to date.

After dropping the first two home skirmishes, Edmonton has taken four in a row against the Canadians, and the five encounters in the Foothills City already has a pair on the credit.

**WITH THE B.C.-ALBERTA** job for title series the next item on the agenda, Coach Earl Robertson and the Canadians left Vancouver for this morning. Manager Ken Hartley was in the party, which included 17 players—goalies Murray and Sotnik, defencemen Gaudet, Matthews, Stora and Packer, forwards C. and E. Hanks, and St. Peter, Slater, Dougan, Luchini, Stinson and Robertson.

Previously elated over the way the Canadians clicked in Lethbridge, where Alberta has been annexed, in two straight on successive days, Coach Robertson said:

**Red Hunter Takes Over First Place**

**REGINA, Feb. 28.**—(CP)—Calgary Stampers assured themselves of a bye into the Western Canada Senior hockey playoffs Wednesday night by dumping Regina Capitals 7-1, a defeat which wrote a Cap's seasonal record at 32 losses in 35 starts.

The win was an easy one for the Stampers, who were backed by Russ Dettell's brilliant goal-scoring. And it gave them a total of 38 points, five more than Edmonton Flyers with but a single game left before playing the Capitals 7-1, a defeat which wrote a Cap's seasonal record at 32 losses in 35 starts.

**SCORING:** Dettell scored two and Demarria one in the first period. In the second, Dettell scored twice and Demarria once. In the third, Dettell scored twice and Demarria once. In the fourth, Dettell scored twice and Demarria once.

**STAMPERS:** with their usual display of power, whipped in three goals in the opening period with Brownridge getting two and Demarria the other without an effort. Regina counter-attacked, Hunter got two of the assists.

**LAMBERTS' GOAL** came as a surprise, as the Stampers had been playing well. The goal was scored by Lambert, who had been playing well. The goal was scored by Lambert, who had been playing well.

## Mounties Await Further Orders

## Further Orders In Spy Chase

By GEORGE KITCHEN

OTTAWA, Feb. 28.—(CP)—Royal Canadian Mounted Police were understood last night to be still awaiting orders from Justice Minister St. Laurent for the detention and in-

**THESE DETENTIONS**, additional to the 11 men and two women taken into custody Feb. 15, were foreshadowed last Saturday in a letter to Justice Minister St. Laurent from the three counsel retained to prepare the evidence for the royal commission.

Authoritative sources said the possibility of additional detentions arose with new and more conclusive

Meantime there has been no further official development in the bizarre case since Mr. St. Laurent made public Tuesday the Oct. 6 order-in-council opening the inquiry and linking the safety and interests of "friendly powers" with that of Canada in the leakage disclosure

**THE ORDER-IN-COUNCIL** said bluntly that these agents had been engaged in a "concerted effort" to obtain from "public officials and other persons in positions of trust" information which if disclosed "might be inimical to the safety and interests of Canada and friendly powers."

### High Nazi Official Is Condemned to Death

NEW YORK, Feb. 28.—(AP)—The Polish press agency reported from Warsaw yesterday that a special court had condemned to death Heinrich Kester, liquidator of the Ghetto at the city of Czestochowa.

## Sees Extension Electrification Of Rural Areas

"Hurons are bright for rural electrification. They are bright from the reflection of past progress and accomplishment and from the promise of future development," stated Horst Beresford, head of agricultural extension, University of Idaho, in an address Wednesday to about 300 persons taking part in the agricultural short course sponsored here by the department of agriculture and the Edmonton Chamber of Commerce.

MR. BERESFORD's speech was broadcast by CKUA from a dinner meeting in the main dining room of the Macdonald hotel.

He was speaking of the development of rural electrification that had taken place throughout the area of the United States. Later in the afternoon, hereafter lectured to the short course audience on the subject of electricity and its uses with dairy cattle, and on the subject of rural electrification just down the relation to many factors.

He said the requirements of production and distribution of electric services over high-line rural systems were specific in their nature. It was a business that required general "know how" in financing, management, engineering, and the execution of operation. It required numerous types of engineers and many other skilled workers, expert in their trade of profession.

HE REPEATED an opinion often held by farmers that the attitude toward additional service levied for the extension of electricity was not one that they thought they would be glad to have the benefits of the modern advance.

In establishing rural electrification, it was necessary to have a large amount of co-operation. For the farmer use of electric service it was necessary to make a large amount of investment in equipment approximately equal to the cost of the service available from the utility company. This investment represented an average of \$150 or \$200 for wiring and for necessary electric equipment, said Mr. Beresford.

He said that while the power company was responsible for supplying a reliable service, the farmer was equally responsible for equipping his own farm, and the utility company's benefit.

AVAILABILITY of equipment to fit into a farmer's production scheme had been one of the problems for a long time. The features were now fully cognizant of the special needs of farmers and satisfactory progress has been made especially in the electrical field, said Mr. Beresford.

In the United States, universities and colleges, and the rural power all had a place in the rural electrification picture, he explained. They worked both for the utilities and the farm people.

"Research, education and extension in rural electrification are just as important as the electrical equipment and the electric power for the development of progress in this field," stated Mr. Beresford.

He said that in almost every rural electrification development, individual area coverage had been aided by an industrial demand.

POWER CO. THIS REGION responsible for regulation and control of extension policies were jointly responsible with the utilities, he said. Other power users, such as rural industries, irrigation and drainage pumping districts, cities, aided in rural area coverage.

He emphasized that with rural electrification tying in with all branches of agriculture, the benefits beyond cost of installation would be difficult to assess in their returns of good conditions for the farmer.

In the field of electronics there would be extensive development in the future, predicted Mr. Beresford. Some of the modern livestock farms of the United States were now equipped with the type of automatic weighing, feed, and medicine systems as animals as they walked over the threshold of the barn door.

ANOTHER ADVANCE was in the use of ultra violet ray lamps for the sterilizing of creamery utensils, he said.

C. D. JACOB, president of the Edmonton Chamber of Commerce, was chairman of the meeting.

During the afternoon session, the short course at the Macdonald hotel, featuring lectures on planning for profit and stability, the economics of electrical home appliances and planning the family food supply.

Besides Mr. Beresford, other noted speakers included: Dr. C. C. Spence, officer in charge, Dominion economies division.

**Points For Parents**  
By EDVTH THOMAS WALLACE

Father: "Keep track of how much money you have in your purse all the time. Mother: None. Jack took that dollar. I'm afraid to trust him."

More than we realize, a child's behavior depends upon his parents' conduct in him.

## Goodyear Tire Company Appointments Made

R. C. BERNKINSHAW, vice-president and general manager of the Goodyear Tire and Rubber Company of Canada, Limited, announced the following executive appointments: R. W. Richards, vice-president in charge of sales; A. W. Denny, vice-president in charge of production; O. H. Barrett, assistant to the president; D. C. Carlisle, treasurer; K. E. Kennedy, secretary, and H. A. Tipple, comptroller.

Mr. W. D. Cumberland has been appointed assistant secretary; G. G. Merritt, assistant treasurer. J. W. Philip and P. B. Stevenson have been appointed assistant treasurer and assistant comptroller, respectively.

## North Member Asks Road Link With Edmonton

Hope that an all-weather road from Grande Prairie to Edmonton and a bridge across the Smoky River at Moody's Crossing were included in the projects which were said by the minister of public works (Hon. W. A. Fallow) to be under consideration, was expressed Wednesday afternoon by Mr. McLaughlin (S.C. Grande Prairie) at the Thrice Speeches debate.

"WE HAVE WAITED for 36 years for this road, which is the connecting link between the Athabasca valley and Edmonton, and I am hoping at last to have the road we need," Mr. McLaughlin said.

Estimates of the post-war reconstruction committee for the province of Alberta are asking for roads and bridges in 1946 which would cost a hundred million dollars. The committee said that the province of public works must face up to the fact that the road which it is the last year of the road, and the government was three and one-quarter million dollars.

HE DECLINED the need of the Grande Prairie district alone for schools and other educational facilities, including a school of agriculture, and condemned the present financial system under which the government can give the people what they want without going into debt.

REGULATIONS under the Farm Improvement Loans Act have made it easier for the farmer to borrow money for needed equipment, but also meant that the farmer must pay the interest on the loan, and the government can give the people what they want without going into debt.

THE GRANDE PRATIE representative closed his address with a plea to the minister of telephone (Hon. W. A. Fallow) for telephone service to the Grande Prairie and Edmonton.

## Sixteen Bills Pass 2nd Reading

Sixteen government bills were given second reading last before the Legislative Assembly adjourned at Wednesday afternoon's sitting.

Two new bills were introduced and given first reading. Hon. Lucius Maynard, attorney-general, introduced an act to amend the Land Sale Prohibition Act. The act which appears in the statutes prohibits sale of land to certain persons until the cessation of hostilities and one year after.

SINCE NO proclamation has yet been issued as to the date of cessation, the amendment provides that the act will cease to be in force on May 1, 1947.

Amendments to the Alberta Insurance Act were brought before the house in the form of a bill by Hon. A. H. Hooke, provincial secretary.

Mr. University of Alberta, Mrs. C. Macdonald, supervisor, women's extension, department of agriculture, and Mr. J. Lewis, nutrition specialist, department of agriculture.

In the evening, many of those attending the course joined with the Junior Chamber of Commerce in a dinner at the Macdonald hotel.

Speakers Thursday afternoon will lecture on swine, cattle, poultry and turkey feeding in Alberta. The three-day course will end with an open forum scheduled for 6 o'clock. The afternoon session will be under the general chairmanship of Mr. J. L. Newcombe, provincial agriculturalist.

Father: "I'm sorry you couldn't resist the temptation to take that money from Mother's purse. But I don't believe you'll ever do it again."

"You wish you were 16 WHAT again—age or size?"

D. C. CARLISLE, treasurer, assistant to the president; K. E. Kennedy, secretary, and H. A. Tipple, comptroller.

## Officials Say Radio Auction Plans Complete

Preparations for the Edmonton radio auction will be completed and officials are ready for action during the three hour broadcasts on Thursday and Friday night over station CFRN. The time set for the broadcast is from 10 to 12 p.m. each night.

THE AUCTIONEER will describe the article to the radio audience, quoting the retail price, then they will stand by and wait for bids to come in over the telephone, and announce them to the public as they are received. Immediately after the auctioneer has declared the article sold to the highest bidder a car will be sent out to the home of the buyer and give that person a ticket which he will present at the "Y" on the following day will claim the article.

So far more than 200 articles have been donated by city merchants to be auctioned. The articles were displayed during the last week in a show window of Campbell's Furniture store.

These have now been moved to the Edmonton Community Theatre in the New Market building, from where the auction will be broadcast.

ALL PROCEEDS from the affair will go toward maintaining the radio station, the Kew-ay-din, on Lake Wabamun.

"Radio Auction" has been prepared under the direction of committee chairman Stuart Harris. All members of the club have assisted in the preparation.

Those who will act as auctioneers under the leadership of Tom Ford are: Gordon McCall, Gordon Reid, Jack Mitchell, John Barford and Eric Smith.

OTHER CHAIRMAN of committees arranging the program for this year's project are: house committee, Bill Skead; publicity, Eric Smith; merchandise, Harold Campbell, and transportation, Bud Banks.

## Agriculture Motion Calls For Meeting

An amended resolution, which is in its new form called for a conference of agriculture authorities in the province of agriculture authorities including government officials, farm organization officers and others to review the situation in regard to food production in the west was given endorsement by all members of the Legislative Assembly Wednesday afternoon.

In its original form the resolution had stated that restrictive measures resulting from a Dominion-provincial conference were holding the west back from complete production. The motion was amended to read:

"PINEAPPLE GUAVA"  
Produce Rich Landmark Fruit as Dried Fruit  
The rich tropical fruit of the pineapple guava is a delicious and nutritious fruit. It is a native of the tropics and is now being grown in the United States. It is a delicious and nutritious fruit. It is a native of the tropics and is now being grown in the United States.

(The Bill is now before the House of Commons and is expected to pass in the near future.)

THESE WOMEN by d'Alessio

Father: "I'm sorry you couldn't resist the temptation to take that money from Mother's purse. But I don't believe you'll ever do it again."

"You wish you were 16 WHAT again—age or size?"

## N. Saskatchewan Diversion Plan Is Outlined Here

A diversion dam some 56 feet high about 15 miles above Rocky Mountain House would divert waters of the North Saskatchewan River by means of a canal to a point in the Clearwater River where it can again be diverted through the bed of the River to the Red Deer River, according to a radio address given Wednesday night by Hon. D. B. McMillan, minister of agriculture, when he spoke of the water resources of the province.

THE MINISTER pointed out that much of the water from the mountain slopes flows off ineffectively in the spring and that large reservoirs were an essential if proper irrigation is to be carried out.

Assuming the ultimate development for irrigation to be more than 2 1/2 million acres, the minister stated that effects of the diversions in years of low flow will not be serious.

The diversion of such water is not strictly a provincial affair since it would affect the amount of water reaching eastern provinces and many schemes for diversion of the North Saskatchewan and the Clearwater have been under consideration for some time by both the federal and provincial governments.

AN AREA STRETCHING from Hanna to Saskatoon might be watered under what is called the William Pearce or North Saskatchewan scheme. The minister dealt in detail with the water and irrigation projects and spoke of studies made by this department to ascertain power development possibilities in these waters. The conclusion reached has been that since the Bow River is partially developed and a number of good reservoirs established to increase the winter flow attention for power development should be centered there for a time. Red Deer and Athabasca Rivers are the next choices for this type of development, the minister stated.

## Edmonton Resident On Business Trip To Organize Soon

Well-known Edmonton resident and representative in Alberta for the Canadian Wheelmen's Association, John Hook Campbell left at the beginning of the week for England on a business trip.

Mr. Campbell, who took a very active part in the revival of bicycling in Edmonton district and Alberta, has gone to Britain to acquire a number of new British merchandise lines for distribution throughout Western Canada.

## Canada Prepared To Supply British Poultry Market

OTTAWA, Feb. 28.—(CP)—Canada is prepared to supply Britain with poultry and the matter was discussed by Agriculture Minister Gardiner during his recent visit to the United Kingdom, an agricultural department spokesman said last night.

Commenting on a statement in the British House of Commons yesterday by Foreign Minister Sir Horace Smith that consideration was being given to importation of Canadian poultry, he said discussions in London had reached the price stage, but the matter of quantity was undetermined because of the light British position in dollar exchange. The statement (final arrangements could not proceed until the British decided how much of their dollar exchange could be devoted to poultry purchases).

been that since the Bow River is partially developed and a number of good reservoirs established to increase the winter flow attention for power development should be centered there for a time. Red Deer and Athabasca Rivers are the next choices for this type of development, the minister stated.

## Quadruplet Story Is Branded False

CAP CHAT, Que., Feb. 28.—(CP)—A report from Quebec City that quadruplets—two boys and two girls—were born in this Caspe Peninsula town Tuesday was identified last night as a practical joke between friends that was spread a little too far. It was reported in Quebec that a woman named Rickett gave birth to the quadruplets, but confirmation of the story was not available there. The multiple birth dissolved into a practical joke when a thorough check was made here.

TAKE PRIDE IN ALBERTA!  
Listen to the Fisherman's Parade

Alberta Streams abound in Fighting Fish...  
Top-line fighters in their class... why, aggressive, Cutthroat, Rainbow, Dolly Varden and Speckled trout... always hungry Lake trout, Whitefish, Pike and Pickerel... swim in Alberta's numerous lakes and streams. No matter where you live in Alberta, you're always close to waters well stocked with these big shots of piscatorial 'Who's Who'. There are countless fishing areas within quick reach of the comforts of civilization; there are as many of unwhipped, untamed waters off the beaten path for the novice or expert who loves to rough it in the wilds, camping and fishing as he goes.

Eleven Million Fish...  
Alberta's fortunate position as a sportsman's paradise has been due largely to the efforts of Alberta's active Fish and Game Association. Calgary Brewing and Malting Co. Ltd. has played an important part in helping this organization to keep our waters well stocked. Already, over 11 MILLION fingerlings have been placed from the Brewery Hatchery and pools to help make Alberta the fishermen's paradise.
